When we talk about tank levels, we think of thriving. Are we thriving when our tanks are full or when we are running on fumes? At what point are we thriving? When do we really feel like we are thriving in our calling?

The Church thrives when people reorder their lives to accommodate God's call on our lives. Sometimes our purpose gets hijacked and we lose our sense of what God has called us to do.

Ephesians 4:1-4

Paul is calling the Ephesian church to greater engagement, reminding them of their purpose, giving them a picture of what it looks like to thrive, to walk with humility, gentleness and patience, paying attention to the calling God has given them. Are we thriving in our calling or are we in a place where we need to regain our focus?

Interactive discussion about thriving in our ministries.

Treasurer's Report: There is currently \$320.00 in the checkbook. Let Paul know if there is a place we feel called to share these funds.

Send any event announcements to Becky for distribution to the FCEMF mailing list.
